Dear Mother,

I just got back from Chancellor Schwartz's house. I went out there this morning and went to church and then had dinner with the family. Ted Cook, whose father also went to Boston University, who goes to Nebraska Wesleyan and who hails from Manchester, New Hampshire, was also there. Dr. Schwartz has a son my age and a daughter Shirley's age. We talked and latter played doubles in ping-pong.

I've only received one letter in three days - from Grandmother Minker.

Today is a wonderful warm spring day. Tulips are just coming into bloom along with other bulbs. How is our garden coming?

I got my hair recut last night so that now it is beginning to look like a good

Prussian haircut.

Last night I saw Bob
Hope in "They've Got Me Covered".
It was pretty good.

Write soon.

Love,

Lee
