

Wednesday night
May 12, 1943

Dear Bernice,

after a three day drought
I received letters from you, mother (2),
Mrs. Alrams, Julia, Bob Cassel, Ralph
Lower and President Torson. My copy
of the Echo has not come yet but
I am on the lookout for it. Ralph
goes with the Marine reserve on July
1 and Cassel goes with the rest of
the Enlisted Reserve Corps from Dickinson
on June 7. President Torson sent me
a copy of the address that the
Chaplain of the Naval Academy gave
at school on War and Religion. I believe
I told you that I liked it then.
It was printed by the Wilmington
Y.M. and Y.W.C.A.s.?

It was good to talk to you
all last night. I wish Dad had been
there too.

The folks hereabouts are surprised
that we have had no dust storms
this spring.

Friday we take the P.T. tests
over again so I guess we'll all be
stiff for the dance Saturday night.
Tomorrow night a group of the California
boys are taking on the Nebraska varsity,
which was activated with the R.O.T.C., in

basketball.

Today was rainy and cold after a week of good weather.

How was Helen Wehrle?

Mrs. Abrams raved about S. Airley's singing at the Church School Banquet.

Will you please remind Dad about the fraternity bill so that he can get it paid before Virgin and the others leave for the army. Would it be possible to send me the News of the Week section of the Sunday Times? I wish you would get another set of pictures developed from the negatives (maybe two). If you want names send them to me and I will send them back with names attached.

Love,

Lee
