Dear Lee:-

One of my many jobs here at the office is to arrange for motion pictures to be shown every Saturday night, now that the summer schedule is over and we are entering into our fall program. I was very pleased this morning to receive word from 20th Century Fox that we could have the film "Thunderbirds" on October 22. As I understand it, this is a story of your flying field and I hope I get to see it. Do you know anything about it? Of course it was taken before your arrival, but at any rate it will give us some idea of your surroundings, etc.

Daddy tells me that Bill Hyde washed out on account of some eye trouble, and he thinks he is going to some kind of a radio school now. Yesterday when I was down town in Arthur's who should I bump into but Mrs. Wellington Tawes from Crisfield. She was here for a few hours and was then going on to Philadelphia to see her sister. Of course she was asking about you and told me that Billy Jim is now in Connecticut, which I think you already know.

We are beginning to "see daylight" as far as sewing for Shirley is concerned, for which I am certainly grateful. If possible I want to send her trunk on Saturday so it will be in Williamsport by the time she arrives.

I'll try to get you a glass case. Daddy did get one at the time I sent your glasses but it was too small. I hope to get time soon to make you some kind of cookies and get them off. If I can possibly do it this Saturday I will.

I enclose announcement of Ann Warrington's wedding. I do not know the boy she is to marry.

Maybe your third attempt to reach us by telephone will be successful. I certainly hope so, for it would be nice if you can get us before Shirley leaves. I'm afraid Bernice is going to be terribly lonesome with Shirley and May gone. She doesn't seem to like it at A.I. this year for some reason, but I hope she will buckle down and be happy.

Lots of love.
