Despite the heat there was a fairly good congregation - and the Reverend landed it out pretty well. Margaret Jones, Uncle Lou's daughter, came home with us. She is to report for army service at Atlantic City within a few days. She is given a lieutenant rating as a graduate nurse. She is keen about it - and I am

Quite a rumpus at Hagerstown - and Dorman was given a severe sentence without a hearing - one year's suspension. I am sending you a copy of my letter to "Judge" Bramham. You'll see something of what happened. Poor "Dutch" is heartbroken over it because he loved baseball so much. We may be able to do something about it. I hate to see a competent ball player spanked because he registered emphatically his disgust with incompetent officiating.

I'm glad you like the boys assigned you for a crew. Don't worry about doing the job. You're fair and square, and that's the biggest part of being a real leader. The best to you in this new phase of your training!

I want to hurry this letter in town with the enclosed clipping. I'll write later in the week.

Oh yes - at church the Rhoads' gave us "Dick's" address. It is
