

now at 10 Wednesday evening
Dear Mom May 16, 1945
I need your help and advice
today. Today is a beautiful
day just like a May
day. Have you had a chance
to work in the garden
this spring? Bernice? Have
you been able to get a
reliable boy to work in
the garden? Has Bernice
tried to detour around the
flower beds? How were the
roses this spring? Did they
do okay along the road? What
other spring flowers did you
have? Did you prune and clean
up dead growth and debris?
What have you planted this
spring?

As yet no redeployment
news has been received
here. The discharge point
system will have no effect
on pilot officers however.
Refresher training courses
are in full swing until
further notice.
