

UNITED STATES ARMY AIR FORCES

Sunday evening  
January 30, 1944

Dear Dad,

At this moment I am seated at a small maple writing desk in the Cadet Day Room writing letters to you, to Shirley and to Julia. At the same time I am hoping to complete a long distance call home to Wilmington.

Last evening I was best man at the wedding of Donald Harold Sites and Wilma Wittenberger. I have been with Hal ever since CTD at Nebraska and we have paled around together. Both he and the bride are from Boise, Idaho, are alumni of the University of Idaho and are twenty years of age. They were childhood sweethearts and so the

moment Mr. Sites decided to take a vacation from his lumber business it was also decided that Mr. and Mrs. Sites and Wilma would come to Pecos and that Hal and Wilma should marry. Present plans are for everyone to remain in Pecos till class 44-c graduates and then to return to Adabo in the family car. But don't worry; I have no definite plans along this line, as yet.

Early this morning the Cadet area was fleeced - wallets were taken from pants of nearly everyone. Because of the Cadet Honor Code suspicion centers on some enlisted man, and even more so since a G.I. was apprehended at this same type of job about two months ago. But pay day is tomorrow. I only have about five dollars in my wallet and so I wouldn't have missed it so much but the thief only lifted one pocket - the pocket

UNITED STATES ARMY AIR FORCES

containing my photo - wallet  
with my complete address book,  
pictures and clippings. Maybe it  
will be thrown aside and found  
but in case it is forever lost  
I wish that you would

1. send me names and addresses  
of Mr. Herring, Wetstein, Baker, Yinger,  
Dr. Thompson, Dr. Wing, Uncle Marion,  
Uncle Roger, Aunt Margaret, Grand-  
mother Minker, Daisy, Dr. Johns,  
Ben, John Turlette, Bill Hyde,  
Mr. Boykin, Marion Keene, Mrs.  
Henderer, Mrs. Dexter, Mrs. Lasher,  
my Christmas card list and any  
others that you can think of.
2. search for old film negatives  
and have retakes made up.
3. try to get three or four packs  
of film for new pictures for  
use when I get my grad-  
uation ~~furlough~~ furlough.

Have you been able to get any  
new slant about my graduation  
furlough or transportation home?

Last week I contracted to purchase my minimum uniform at the Post Exchange. The total charge will be around \$125.00 out of my \$250.00 uniform allowance, about a third below outside prices. It is all good standard but I will need to add to it quite a bit. You should have some good contacts at home and thus be able to line up some articles of good quality and of fair price.

1. Basic Summer Uniform:

- size 7      1 cap, garrison, khaki  
size 14     2 shirts, khaki cotton, officers'  
              1 necktie, khaki cotton molair  
size 28     2 trousers, khaki cotton

2. Trench coat - wait until latter but it is a combination top-coat - raincoat, regular length, gray. (I may get it here if they can get some on stock).

size 35     3. a wool blouse of forest green (I am buying one here but it is very lightweight)

size 9      4. a dozen pair of wool or rayon khaki socks and also of tan plus garters

5. extra winter pinks or greens or summer uniform.

UNITED STATES ARMY AIR FORCES

Make sure the clothing is all strict government regulation and of good quality and don't let them rope you for the terrifically high prices they charge. Concentrate your attention on summer clothing, socks and blouse.

Because the planes had to be overhauled last week I didn't fly many hours. I now have fifteen hours and have started formation and instrument flying. I will not fly at night this week as previously scheduled but will instead fly transition, cross country, instruments and formation. Two boys washed out last week by the way.

Of late the weather here has been perfect spring baseball weather. Is the Interstate League going to operate this year; is Delaware Park?

It doesn't look as if my

call east will come through  
tonight. Maybe some future week  
night would be a better time to  
call.

As always,

Lee

P.S. One of the planes on the base  
flies all mail to El Paso hence  
the El Paso postmark on my  
letters.
