

UNITED STATES ARMY AIR FORCES

Sunday morning
February 27, 1944

Dear Dad,

Last evening I went into the T and P Railroad ticket office again. The ticket seller would not accept reservations east but he said that it ought to be easy to get a coach for Philadelphia on graduation day. So

At noon today I am scheduled to begin a twenty four hour tour of duty as Senior Cadet Officer of the Day. Maybe I will be able to pump

someone about extra travel
time, etc. Because of this
job I will not be able
to fly tomorrow though.

It was good to talk
to you Friday even though
it was all business.

Shirley sent me the
enclosed pictures the
other day but asked that
they be returned. I thought
that you might like to
see them first however.

I must close now.

Yours,

Lee
