Dear Mother,

I attended Lutheran Communion tonight. It was a very nice service. It hardly seems as if it has only been a year since I last took Holy Thursday Communion at St. Pauls Methodist Church in Lincoln, Nebraska, or two years since came home from Dickinson to spend Easter with the family. Maybe next Easter I will be home with you.

Enclosed you will find \$50.00 cash to place in my savings account.

Do you think that I could have some sort of a subscription to the "Journal-Every-Evening". I would like to keep in touch with things a little more than I have been. Watkins, by the way, did not go to Victorville, I had lunch with him today. He is a fine boy.

Bob Davis and Ted Strous, Dickinson '44, are graduate navigators stationed here for bombardiering. Bob told me that Stan Wilson is taking Basic Flight Training at Independence, Kansas. How did the Delaware Dickinson Club dinner come off?

Does it look like Dewey and Warren back there?

Love,
Lee
