V-MAIL

3/20/45

Dear Lee: -

I've depended on mother to keep you abreast [of] local doings. Your mail is coming through in five days. I hope delivery from here improves.

Congratulations on piloting the Blue Hen Chick through her missions. We're awaiting her picture and the crew by her. I want one for the Delaware archives.

Sorry you couldn't get home or didn't. You are probably wise in your decision -- and we can wait. Here's hoping Nazi Germany will give up soon. Their fanaticism is certainly deep-rooted, isn't it?

Bombers lost first game of play-off to Sphas by 4 points -- like last year. We play them again Wednesday.

Thinking of you all the time, and wishing you the best!

Dad
