Dearest Lee,

Before turning in for the night I'll write you a word or two. Bernice and I arrived about 2 p.m. today and it has been raining ever since we landed. It is now pouring (10:30). I do hope tomorrow brings better weather.

At Class Day exercises this afternoon it was announced that Shirley is one of two graduating Magna Cum Laude. Isn't that wonderful? She also received an award of some kind for scholarship - amounting in money to \$22.50. You would have enjoyed the Class Day program - a review of the past 2 yrs. of dormitory life, classroom, college activities. It closed with a chapel scene and Shirley singing The Lord' Prayer. Naturally I am prejudiced but outside of Marion

2

Anderson I think Shirley sings that lovely song more beautifully than anyone I know.

Daddy and Walter will drive up tomorrow in time for dinner. The speaker at the commencement exercises will be the man who was the minister at the Methodist Church in Carlisle when daddy and I went to Dickinson!!

And now I am going to turn in for the night, thanking God for my children and praying I may be permitted to soon have them all together again and to see them fitting into the scheme of things for many years to come.

Love to you, Lee.

Mother
